

The Democrat is published for persons leaving the city for the summer months, at the rate of one dollar per month, for any time needed upon making application at the clerk's desk.

SADLY NEGLECTED.—It has grown to be an every day occurrence for negroes who hire themselves out to work by the week or month as servants, house-maids, washers, ironers, &c., to grow tired of their time expires and demand full wages, threatening that, if it is not paid, all the negro has to do is to inform Major-General Palmer, and he will make them pay.

Negroes hire themselves for a week, works a day and demands a week's wages for it, and, in many instances, frightens the full amount out of the lady with whom she has engaged. Thus a lady, no account negro fills a half dozen situations in a week, and in many instances, draws full wages for her scanty services.

Our advice is, if a negro works a week, pay her a week's wages, as per agreement, but if she works a day or hour and no more, do not let them scare you by saying that Gen. Palmer will make you pay, for Gen. Palmer does not countenance any such proceedings, and we doubt whether he knows such an outrage is being practiced upon our citizens.

IMPORTS BY RIVER AND RAILROAD.—In the Democrat of yesterday we commenced the publication of the imports by the river, which will be regularly continued in our paper. In addition to this, we will publish daily the receipts by the Jeffersonville, Louisville and Frankfort, Louisville and Nashville, and Louisville, New Albany and Chicago railroads, giving the names of the consignees. This will prove a matter of considerable interest to our merchants, and will also be important for reference to show the imports into our fast-increasing city. In addition to this, we will weekly publish a full table of the exports, so that the full trade of the city can be seen at a moment's notice. This enterprise involves considerable time and expense, but we have no doubt that our merchants and business men generally will sustain us in it.

CITIZENS BEGIN TO APPRECIATE THE ADVANTAGE OF PUBLISHING THEIR ADVERTISEMENTS under the regular classified headings in our columns. In the "want" column, and under the headings "for sale," "for rent," "lost," "strayed and stolen," &c., may be found all such advertisements as are appropriate to each. By a mere glance the reader can see whatever is advertised under these headings. It insures a more general reading of such advertisements, and at the same time enables all to avail themselves of the advantage of the classification without additional cost. Indeed, by placing them under these headings in uniform style, it cheapens the cost, as no extra line is used in a separate heading to each advertisement.

OFFICER ASSAULTED.—On Monday a dispatch was received here for the arrest of certain Cincinnati thieves, who were known to be in this city. Officer Sweeney, in company with some other officers, knowing that these men were in the habit of laying around certain houses of ill-fame, went there for them. At the house of Jennie Mack, a low den, one of the women urged some soldiers to attack the officers, and one of them struck Mr. Sweeney in the eye with a pair of brass knuckles. The woman was arrested and held to bail. These attacks upon our officers have been the cause of much uneasiness, and are highly discreditable to the officers who should be severely punished.

MUSTERED OUT.—Since the order came for the mustering out of the army of the Tennessee, camped near our city, the following regiments have gone home to be mustered out of the service. Besides these, there are upwards of 20,000 men to go as soon as transportation can be furnished. The 1st, 5th and 16th Michigan; 9th, 7th, 12th, 16th, 69th, 71st, 103d, 124th, 134th and 135th Illinois; 2d and 7th Iowa; 14th, 68th, 69th, 74th and 75th Ohio; 31st and 50th Wisconsin, and 20th and 100th Indiana. News by Last Evening's Mails.

DEATH OF DR. FELIX ROBERTSON.—The Nashville Press and Times says that this widely known and highly respected citizen of Nashville died on Sunday night. He was the first child born in this city, and the sixth child of Colonel James Robertson. His birth date back to the 11th of January, 1781, making him eighty-four and a half years old, lacking a couple of days, at the time of his decease. The old gentleman has long lived on Cherry street, "ripe in years and full of honors," esteemed and beloved by more than thirty thousand of his immediate fellow-citizens.

A German named Christian Whalend, who resided near Newport, Ky., died of apoplexy on Saturday last.

The Providence Press says that one of the citizens of that place has returned from Savannah, who gives information concerning the family of Jeff. Davis, to the effect that Mrs. Davis is boarding at the Pulaski house.

It is estimated that twelve thousand Missourians, who have been rendered homeless by the destructive forces in their own State, are marching towards the Mexican frontier to enter the service of the Emperor Maximilian.

WE CALL the attention of readers to the advertisement of Messrs. Andrew Buchanan & Co., grocers and provision dealers and commission and forwarding merchants. The firm consists of George and Andrew Buchanan, sons of Andrew Buchanan, deceased, and formerly an honored merchant of our city. They are most favorably known in this community and we take pleasure in directing the attention of our readers to their card.

A large number of sick and disabled soldiers have been discharged the service in this city, and sent home to the hospitals. There are a very few now inmates of the hospitals here, and they will be sent home as soon as they are able to travel. The hospital steamer Mercury is being loaded with sick and disabled soldiers, who live in Missouri and in the country lying along the upper Mississippi river.

THANKS.—Capt. Geo. L. Swope, provost marshal, and his two efficient clerks, Messrs. Leslie and Whitton, desire us to tender their hearty thanks to the citizens who have presented them on Monday at Woodland Garden, with a fine horse, buggy and two handsome gold pens. The compliment will long be remembered and highly appreciated by all concerned.

WE RETURN our acknowledgments to Lieut. Rowden and the members of his magnificent post band for a splendid serenade last night in front of the Democrat office. This is one of the finest bands in the country, and the lieutenant has an enviable reputation, and well deserves it as everybody knows. Thanks, gentlemen.

THE ATTENTION of the police is called to the disgraceful acts of one or more negro women and white men and soldiers, nightly and continually, in the ally between the city and Walnut and West and Eleventh streets. It has become intolerable to the respectable residents in the neighborhood.

SOL. THOMPSON.—It will be remembered that Sol. Thompson, who was tried by court-martial in this city, was condemned to be executed to-day, being the day fixed for his execution. Major-General Palmer has respite him for twenty days, consequently the execution will not take place.

THE BOYS in the army now encamped above the city are making hasty preparations to leave for their homes. It will not be long before they will be paid off. The war is over, but it seems Kentucky is not able to take care of her soldiers without military and martial law.

MILITARY COMMISSION.—The only case before the military commission yesterday was that of Payne Stone, charged with murder and being a guerrilla. The case was concluded. Dave Martin, charged with being a guerrilla, will have his case brought up to-day.

SALE LAKE CITY ITEMS.

THE SALT LAKE, of the 17th ult., reports the wires "dumb as bees" between that city and the Missouri.

Granger's train of fourteen wagons, from San Francisco, reached Salt Lake City on the 16th inst., via Los Angeles and Utah, having been over a month on the way.

Half-cent cigar sold at fifty-five cents apiece, and decent ones at thirty-five cents each in the city of the saints. They have but a single billiard room, not busy more than half the time. They, as yet, have no church bell, nor will they till the iron horse can haul one thither.

Messrs. Colfax and traveling companions left Salt Lake on the 16th, per overland coach, for the golden state of the Pacific, via Reese river, Virginia City and Sacramento.

The Salt Lake theater re-opened on the 17th, and an immense assemblage was present, including Mr. Colfax and party. The Vidette claims that this is a larger and finer theater than any in San Francisco, New York or Boston—opera houses and academies of music excepted. The actors are amateurs, of the Mormon faith, and act but once or twice a week for charity.

On the 18th Mr. Colfax and party were at services in the Mormon Bowler of Temple, where Brigham preached to a vast congregation, and Mr. Colfax, later in the day, addressed a still larger audience upon the fate and character of Lincoln.

THE GOVERNMENT has abandoned the contraband hospital at Cairo, Ill., and left its inmates to be cared for by the people of Cairo. The Cairo Democrat says: Our citizens are taxed enough already to support white people, without having to provide for negroes, who never have or ever can be of use to them. If it is to be the lot of any people to see that the negroes are properly cared for, by all means let it be the people of the South, and not the people of the North. It would be a labor of love to them. We advise the government to send them to Massachusetts.

There was a prize-fight on Saturday morning, on the 10th inst., near Covington, Ky., between two men named Dan. Stevens and Henry McBride. Stevens was knocked down on the first round. The three succeeding rounds resulted in McBride going to grass, when Stevens proposed to stop the fight and resume it at some other time, which was agreed to. Neither of the parties were very badly punished. John Phillips and Robert Clark were the seconds in the "mill." We learn that warrants have been issued for the arrest of all concerned in the affair.

THE LARGEST AND MOST MODERN HOTEL now traveling so rapidly that it may be sent through good roads in a day or two, and it is only when the current is retarded that an explosion takes place. The progress in electricity is swifter than that of light, being about two hundred miles a second.

CAIRO, July 10.—Lieutenant-colonel DuRoss, commandant of the post of Columbus, on Thursday last arrested Emerson Edgeridge in Westport, Mo., Tennessee, on a charge of making incendiary and incendiary speeches against the Government of the United States, and the authorities of the State of Tennessee. It is said that Edgeridge has been doing a great deal of mischief, in the neighborhood of Cairo, and is now being held in the State of Tennessee. THE PADUCAH (Ky.) Union General Mercers is in Jefferson, fighting for a brevet major general, and that if successful he will return to Paducah and offer himself as an independent candidate for Congress.—[Special to C. Gaz.]

Johnson, \$300,838; Samuel Lord, \$185,530; John T. Lord, \$129,534; James C. Smith, \$129,534; D. Bradford, Jr., \$105,192; J. W. Van Dine, \$119,925; Samuel Willets, \$152,233; J. S. MADAME KOSUTH, the wife of the famous Hungarian leader, has died at Genoa, after a ten years' illness. Mrs. Livingstone, the aged mother of Dr. Livingstone, died in Scotland on the 18th of June.

THE CASE OF FRANK MATTINGLY.—The cruel and unfortunate case of Frank Mattingly, a citizen of Davies county, has been mentioned by the military commission. He has been in session at Louisville for some time past, has excited general interest, and has been the subject of much sympathy for him on the part of the people who were acquainted with him.
